

2019 Annual Member Appeal

How do we carry out the Society's mission?

The benevolence arm of The Society donates to many charitable causes, most of which are related to Irish Americans and Irish-American Institutions. The Society has partnered with several Universities/Schools in offering scholarship support for students seeking study abroad in Ireland and with the Camphill Special Schools for children in need. The Society has now established 14 fully-funded endowments. Most recently, funds supporting both the Philadelphia Gaelic Athletic Association and St. Joseph's Prep were created which will soon provide need-based financial assistance to high-school athletes and scholars.

With your help, we hope to continue to expand our outreach with each passing year and hope that you'll consider supporting this great Society and its many worthy causes again in 2019. Although the Society is excited by our progress to date, there is much work to do in the months and years ahead if we are to continue to be successful.

2018 Grants awarded from the Society **\$326,000**
2019 YTD Approved grants and endowments **\$130,000+**

You are encouraged to review the Society's website at www.friendlysons.com

The Board of Management guarantees that 100% of your tax deductible donated funds will be distributed directly to worthy charities.
